

The ECEDHA Source CALL FOR ARTICLES

Issue 7, Spring 2011 • Deadline for Submissions: April 18, 2011

We are pleased to announce this Call for Articles for the Spring 2011 issue of the ECEDHA Source, the quarterly newsletter of the Electrical and Computer Engineering Department Heads Association. The ECEDHA Source provides feature articles and announcements of general interest to ECEDHA members, along with updates and information from ECEDHA headquarters and the ECEDHA regions. The Source is sent electronically to ECEDHA members, and is also available on-line at www.ecedha.org/news/newsletter.asp.

How To Submit

We welcome submissions for feature articles and announcements. Please follow these guidelines in preparing a submission for our consideration:

- Feature articles should not exceed 1500 words in length
- Articles should be submitted in MS Word .doc format
- Photos, diagrams, and other figures can be included with the text or sent in a separate file in .jpg or .gif format
- Articles should be educational and presented in an appropriately *non-commercial* fashion
- Announcements should be of general interest to ECEDHA members (conference announcements and calls for papers are typically too narrow relative to the broad interests of ECE faculty)
- Announcements must include contact information for reader inquiries
- Submissions must be sent by **April 18, 2011**, to Barry Sullivan at bsullivan@iec.org

Review Criteria

The ECEDHA Source editorial committee will review all submissions based on *quality* and *relevance* to ECEDHA members:

- Articles will be judged on their educational value and topical interest to ECEDHA members
- Announcements must have broad relevance to ECEDHA members
